Phoenix Fire Assurance
COMPANY.

LOMBARD STREET AND CHANCERY CROSS,
LONDON.

Established 1782.

For insuring every kind of Property
in all parts of the World from
Loss or Damage by Fire.

THE PROMPTITUDE AND LIBERALITY WITH WHICH
its engagements are always met by this Company are
well known, and the importance of its relations with
the public may be estimated from the fact that since its en-
stablishment, it has paid more than Nine Millions Sterling
discharge of claims for Losses by Fire.

The security offered to the public by the Phoenix Office
is unshaken, comprising in addition to the large invested
capital of the Company the whole fortunes of numerous
proprietors, composed of some of the most opulent
merchants and others in the United Kingdom. An
annual and short time insurance is effected upon all kinds
of property in Vancouver Island and British Columbia
at the most favorable terms.

Prompt cash payment and full power to settle all losses
and claims without referring to the Head Office in Lon-
don.

Rates and Particulars of Insurance may be had upon ap-
plication to,

ROBINSON'S

Celebrated Magic Soap

DIRECTIONS.

For doing a Large Family washing
in Two Hours of Five or Six
n Pieces.

1. Cut up fine a bar of the Soap, and put one-half of it
in your boiler with sufficient water to cover your white
clothes to be washed, and let the soap dissolve; then put
your clothes in, stirring them, and let them just come to
a boil, then

There need be little hesitation in assuming that the Legislative Council will decide to accept the Canadian Tariff in preference to retaining our present one. In all probability the six official members will vote for the Canadian Tariff. Of the elected members, Dr. Holmcken will vote for it, because his constituents emphatically demand it; Mr. Nathan will vote for it, because he believes it will be best for the country and because his constituents desire it; Mr. DeCosmos will — well, we do not know how he will vote; for he has pronounced in favor of the Canadian Tariff while he has been educating his constituents against it; Mr. Bunster will vote for the Canadian Tariff; that is to say, if he fulfills his election promises, and consults the wishes and interests of the great bulk of the people in whose name he sits; Mr. Nelson will vote against the Canadian Tariff, not because he doesn't know better, but because his constituents require him to throw away his vote upon that question; Mr. Cornwall will vote for it, because both he and his constituents believe in it; Mr. Humphreys will probably vote for it, because his constituents want it; Dr. Carrall will vote for it, because he and his constituents believe it to be the best; Mr. Skinner will vote for it or go counter to the wishes and interests of his constituents. Thus it would appear probable that not more than one or two votes will be cast in favor of retaining our present high and ill-adjusted Tariff and causing the Pacific Province to pay far more than its fair share of Federal taxation. But the immediate object of the present remarks is to point out the important bearing which union with the Canadian Tariff must have upon the commercial interests of the country. Immediately upon union being completed this Colony, being a part of the Dominion, will be open to the free admission of the productions and manufactures of every other part of the Dominion. The full import of these words may, possibly, only be very partially realized by the reader. Many are accustomed to think of Canada as a new country whose spare productions and manufactures are of little importance. That Canada is comparatively a new country is undeniable. But that its exports are not inconsiderable and that its manufactures are sufficiently advanced to exert a very marked influence upon the trade of this Colony so soon as it shall have become a Province of the Dominion is equally true. Canada exports largely into the United States—its cheese alone nine million dollars a year—notwithstanding that she is met by a crushing duty. Surely, then, she will compete in our market, where her goods shall be admitted free. To enumerate all the manufactures of Canada would occupy too much space; but the following may be mentioned as likely to exert the greatest influence upon the trade of British Columbia: Blankets, tweeds, satinets, cotton goods, flannels, furs, Indian rubber goods of all kinds, implements of husbandry, edged tools, nails, lead, cordage, chain cables, stores and castings of all kinds, furniture, fishing appliances, boots and shoes, cheese, sugars, syrups, harness and saddlery, waggon and carriage, sewing machines, brooms, buckets and woodware of all kinds, combs and brushes, white lead, coal oil, tobacco, cigars. Such are a few of the manufactures of Canada likely to find a ready market here under Confederation. But there is another point to which due regard should be had. The Canadian Tariff is much lower upon many articles necessarily still to be imported from abroad; and very many things upon which the present tariff now imposes a duty are comprised in the free list of the Canadian Tariff, so that the sudden change of tariffs might exert an embarrassing and injurious influence in respect of stocks on hand at the time union takes place. Probably spirits will experience the greatest revulsion, the difference between \$2.50 and 80 cents duty per gallon being something prodigious. It is to be presumed, however, that spirits are, to a greater extent than most articles, left in bond, thus escaping altogether the difficulty. The point for commercial men to consider is, whether, under all the circumstances, it would be desirable that application of the Canadian Tariff should be withheld for such a reasonable period as will enable commerce in some measure to set its house in order and adapt itself to the change, or whether its application shall be instantaneous and unconditional. It occurs to us that it would be well for those most largely and directly interested in this matter to arrive at some understanding at once, so that the point may be presented to the Legislature in such a way as would enable that body to take practical and intelligent action thereon. And here we are reminded of a subject of no little importance to this community at the present juncture. We allude to the desirability, we may say the absolute necessity, of some such organization as might present a ready and effective medium through which to deal with the tariff question, the graving dock question, the railway terminus question and the like. 'What's everybody's business is nobody's business,' says the old proverb; and this is no time to leave the most vital interests of the country without proper guardianship.

PUBLIC NOTICE.
NOTICE IS HEREBY GIVEN THAT
the Crown Grants of Surveyed Lands in the former
Colony of Vancouver Island and the Dependencies (except-
ing only those in Victoria District) as well as in the
Mainland of British Columbia, the purchase money of
which has been fully paid, will on proper application for
the same be issued by the
each Crown Grant will be made out invariably in the
names of the original Purchasers from Government, un-
less in such special cases as are provided for under the
Crown Grants Ordinance, 1870.
Applications must be in the form of a letter, addressed to the
Chief Commissioner of Lands and Works and Surveyor
General, giving the Christian and Surname in full, of
the person to whom the Crown Grants are to be made,
and enclosing the receipts for the purchase money of the
Land referred to.
Should it be inconvenient for the person in whose name
any such Crown Grants are to be made, to receive the same
at this Office, it will be handed to any Agent duly authorized
by some instrument in writing, to give a receipt for the same.

LUMLEY FRANKLIN, ... Yates street... Will sell at 11 o'clock, at Sale Room, Groceries, Wines and Liquors, Holiday, Goods, Furniture, Billiard Table, &c.

The Telegraph Company and its Slanderer.

The careful attention of the public is directed to the letters of Mr Mumford and Mr Lamb which appear in this issue. The charges brought against the Western Union Telegraph Company and its officers by the Standard are, as will be seen, completely refuted. What can be thought of the man who, with Mr Mumford's letter in his pocket, could sit down and deliberately concoct the malicious article which constituted the 'leader' in yesterday's issue of a paper which the public are invited to regard as 'the leading journal in the colony'? A pretty 'leader' and a pretty journal, truly. Shame upon the man who could come before the public with such sickening brag in the one hand and slandering falsehood in the other. He says, 'We have now taken the public of this colony into our confidence.' 'Confidence' indeed! Truly, but it's played out. 'The Standard,' he says, 'has found a warm place in the affections of the people of this city.' We have no doubt that it does find a warm place in the few houses into which it still gains admittance; and the journalist who has the effrontery to come before an intelligent community with such a disgusting mixture of mendacious bombast and white lies, is a man who deserves a warm place in the affections of the people of this city. We have no doubt that it does find a warm place in the few houses into which it still gains admittance; and the journalist who has the effrontery to come before an intelligent community with such a disgusting mixture of mendacious bombast and white lies, is a man who deserves a warm place in the affections of the people of this city.

EARTHQUAKE.—The prognostications of evil at the winter Solstice, appear to have been correct in their calculations. Yesterday morning, shortly after 4 o'clock, there were three sensible shakes, or more properly upward bumps, of Mother Earth; for the movement was precisely as if a person standing upon the lower floor of a building had struck the upper floor with a heavy fist three times in quick succession. Many persons slept through the shock; others, again, were widely awakened and, of course, somewhat frightened. Crockery rattled in some houses for, perhaps, six seconds and then, the three being over, settled down quietly upon the shelves again.

GOOD TEMPLAR'S SOIRÉE.—The soiree of the Good Templars last evening was very successful. Among those who sat down to tea were His Excellency the Governor and Mrs. Muirgrave, and when the tea-things had been cleared away and the first dance was announced, Mrs. Muirgrave opened the ball with Charles Good, Esq., and Mr. Muirgrave, Jr. with Mrs. Pink, Grand Worthy Vice Patriarch of the Washington Territory Good Templars. About 200 persons attended the soiree, which seemed to thrive upon opposition. We regret that a press of advertisements precludes a more extended notice of this most enjoyable affair.

INTRINSIC VALUE.—Persons who contemplate making holiday presents would do well to call and inspect Mr. Jungerman's exquisite selection of the most suitable articles for that purpose. One recommendation these goods have is that they unite durability with beauty and intrinsic value. 'A thing of beauty is a joy forever.' If we were going to be the recipient of a Christmas Box, we know what establishment we should wish it to come from. Cheapness, beauty and intrinsic worth are the true qualities for holiday presents.

THE SUBSTANTIALS FOR CHRISTMAS are to be had at Fell & Finlayson's, Fort street, and every variety of Fancy Fruits and Nuts to prevent sickness amongst children. They have had manufactured under their own supervision a large quantity of Confectionery which will be sold at 25c and 37 1/2c per lb. The nice Everton Toffee 37 1/2c per lb, guaranteed all pure sugar. Why should we import all descriptions of foreign mixtures when we have sugar cheaper here than in England or the United States? Patronize Home Manufacture.

THE DOMINION CABINET.—The Toronto Globe has for some time past been reiterating the assertion that the Canadian Cabinet was in a deplorable state of discord, a house divided against itself, and ready to tumble to pieces, and the false cry has been eagerly reached on the Pacific by a local print. Referring to these rumors the Ottawa correspondent of the Toronto Telegraph, a most independent and influential paper, says under date of Nov 30:—'The utmost good feeling and unanimity prevails among all the members of the Cabinet, reports of newspaper correspondents to the contrary notwithstanding.'

GOSPEL ABOUT THE ZEALOUS OFFICERS.—Admiral Hastings is residing in France and has had an increase in his family. Capt. Dawkins and Capt. Williams have both married since their return to England. Mr. Robinson, Chief Engineer, has retired upon a pension of £350 per annum.

LAND MONOPOLIES.—The Seattle Intelligencer has a very sensible article against permitting large quantities of the public lands falling into the hands of speculators and monopolists, and very forcibly points out the ill effects certain to result from that cause.

Haywood.—The renowned Haywood has got his Christmas hams in stock and is now prepared to supply the public at 25 cents per pound—an exceedingly low figure when we remember the excellence of the article. They are the correct thing with turkey. Call and buy one.

Municipal Council.
TUESDAY, Dec 20.
Council met at 7:30 p.m. Present—His Worship the Mayor and Councillors McKay, Russell, Carey, McMillan and Heathorn.
Committee from residents on Johnson street stated that no nuisance was caused by the drainage from Steinberger's distillery.
Mr. Bishop, by permission of the Council, was heard on behalf of Mr. Steinberger and stated that he had no desire or intention to place himself in opposition to the wishes of the Council.
The matter was deferred one week.
A communication from J. D. Pemberton, complaining of an injustice done him by the Corporation in not requiring other parties to build a sidewalk, he having been compelled to build his portion.
A communication from Simeon Deck, Chief Engineer of the Fire Department, complaining of the bad state of the tank trap-door on the corner of Government and Johnson street. Referred to the Street Committee.
Accounts from Bowman and Stelly for 11 1/2 days' hauling gravel on Store street, \$69 each, and account from Michael Wells for hauling gravel on Bastion street, \$40. Referred to Finance Committee.

A communication from Hayward, Jenkins, Sayward and Nathan, asking the Council to have the west portion of Bastion and the south end of Laughey streets put in good condition.
Coun. McMillan moved that the Street Committee be authorized to have their work done by tender, and further that no work should be done on the streets, exceeding in value \$25, except by tender. Carried.
The Committee appointed to confer with the Fire Department Committee reported that the Fire Department made the following statements for the consideration of the Council:—The Department was \$600 in debt, and required \$3,000 annually to sustain the Department. Unless this amount can be guaranteed by the Council, the Department cannot be sustained.

The Council went into Committee of the Whole on the report, and after a long discussion postponed the further consideration for one week.
CHARLES MATHEWS.—This celebrated English comedian is expected to arrive at San Francisco from Australia in a few days. Mr. Mathews, since leaving London a year ago, has played very successful engagements in Australia and New Zealand. From San Francisco he will journey Eastwards, playing at all the large cities, and about Christmas of next year will return to Merrie England.

The propeller California reached Portland at 1 o'clock yesterday morning. A cruel report that she had been lost with all on board was credited in town for some time yesterday.
The mail steamer Isabel sailed for Port Townsend yesterday at 11 o'clock a.m., to connect with the steamer for Olympia and way ports on the Sound. She will return to the port on Monday next, omitting her Friday's trip.
Must Be Sold. — Messrs R F Pickett & Co. will close out the balance of consignments of Holiday Goods on Friday next. These goods must be sold, so look out for great bargains.

SKATING.—A pond at or near Colwood has offered a smooth surface to skaters for two days past. Yesterday about fifty persons visited the pond.
COAL OIL.—At San Francisco a combination of dealers has taken place and coal oil has jumped suddenly from 45 to 75 cents per gallon.

NAVIGATION.—Our telegram from Portland announces that Columbia River is full of ice and that it is feared navigation will soon close.
TO CLOSE BALANCES.—Mr Charles Millard will hold an auction to close balances of groceries and oilman's stores, at his rooms, foot of Yates street, to-morrow at 11 o'clock a.m.

Auction To-Day.—Mr Lumley Franklin will hold to-day a sale of wines, liquors and holiday goods, commencing at 11 o'clock a.m.
POLICE COURT.—The only cases yesterday were a drunk and an assault. The first paid a fine of 5s., and the \$5.

The brig Byzantium, Captain Calhoun, sailed from Honolulu, S.I. for Tahiti on the 23d Nov, with a full freight.
The Enterprise will sail for New Westminster at 8 o'clock this morning.
The Sound steamers left upon their return trips shortly before noon yesterday.

THE SUN.—To-morrow there will be a total eclipse of the sun, visible in Africa.
CHERRING!—To a stranger visiting our town, our theatres, auction rooms, public gatherings of every description, or walking our business streets—which, as the holidays approach, are lined with boxes of merchandise, opened and unopened—the impression left upon his mind must be that it is a place of cheerfulness and thrift. The passer by must, however, be deceived by these unsightly objects upon the sidewalks, owing to the good nature of our city authorities, for there are others whose premises are ample enough to conceal these deformities and retain the gems within. T. N. HIBBER, & Co. have not left a stone unturned in their preparations for the season, and offer rare attractions to make glad the hearts of both old and young.

AUTUMN AND WINTER.—The study of the seasons is ever interesting and amply repays the student, who now learns that A B Gray, Government street, has just received a large stock of Fall Goods, comprising Wineys, Serges, Plaids, French Merinos, Waterproof Tweeds, Astracan Cloth, Alpaca, Flannels, Bankets, Sheetings, Ladies' and Children's Jackets, Shawls, Hosiery, Silk Umbrellas, Hats, Feathers, Flowers, Ribbons, &c, &c, together with a choice selection of Fancy Small Wares suitable for the present season. — GOVERNMENT STREET, December, 1870.

REMEMBER THE FATE OF ABALOM.—Fred Payne, Funeral Artist. Shaving 12c cents Hair Cutting 25c cents, Shampooing 25c cents That Original Cheap Shampooing Shop stand on the sunny side of Johnson street.

The Western Union Telegraph Company and the Standard.
THE SHAMEFUL MISSTATEMENTS REFUTED.
VICTORIA, 20th Dec 1870.
Editor BRITISH COLONIST:—Will you have the kindness to publish the accompanying copy of a letter written by Mr Mumford, General Agent W. U. Telegraph Company, to Mr DeCosmos, which, I think will prove a sufficient reply to that gentleman's editorial of this morning.

As this letter does not deal with the question of 'specials' raised by Mr DeCosmos, permit me to say that when that gentleman spoke to me in regard to specials I certainly told him that the price would be 2 cents per word; but I understood that these specials would be taken in addition to the regular press reports. Mr DeCosmos having attempted to evade this point and take only a special telegram, I referred the question to the General Superintendent at San Francisco who decided that he could not have specials under 6 cents per word for 200 words and 12 cents for 100.
I remain, respectfully yours,
F. H. LAMB,
Dist. Superintendent W.U.T.Co.

OFFICE OF THE CALIFORNIA STATE TELEGRAPH COMPANY,
SAN FRANCISCO, NOV. 25, 1870.
A. DeCosmos, Esq., VICTORIA—

Dear Sir:—Your letter of the 14th inst. has come to hand. I have also read your communication addressed to me under date of July 20th, and Mr Gamble's answer, dated September 5th. My absence from here for several months, and press of business since my return, have prevented me from giving attention earlier to the matter you refer to.

As you appear to labor under some misapprehension in regard to your legal rights and our duties, I will, before considering the question of terms, briefly state the position of this Company. We expect to treat all alike, with impartiality and good faith, but cannot assent in any way to many of the assumptions in your letter.

In the first place this Company is under no legal obligation, here or elsewhere, to transmit dispatches for any person for less than its regular commercial rates, unless it makes a distinct and special contract to that effect.
Second—No District Superintendent is authorized to make any special contracts for transmitting reports to newspapers which cannot be terminated by notice at any time. Contracts for long periods are in writing, and on this coast are always executed by me or by my direction.

Third—While we intend to treat all newspapers with impartiality and exact justice, there is no sort of obligation on us, legal or equitable, to furnish all papers in one city with reports at the same fixed rate per word. There are many considerations which make such a rule unfair. News sent to morning papers costs us less than news transmitted to evening papers. We can afford to make the rate cheaper to a paper that takes 1000 words per day than to one which only takes 100 words. We can offer better terms where a report is taken for years consecutively than we can where it is liable to be stopped in a single week. These are well understood business principles.

In furnishing reports for the press, as a convenience to the public, at rates which barely pay our actual cash outlay in transmitting the business, and which in the case of the Victoria line do not even pay that, we claim the right to have something to say about it. When a man does business at a loss he is generally entitled to name the terms on which he will receive it. We have nothing to do with individual papers, but we make general rules applicable to all without discrimination and designed to ensure justice to the papers themselves as well as to protect our own interests. These rules may be summed up in one statement that our rates with newspapers are determined (within reasonable limits) by the amount of business done with them. Threats of exacting more than this may inspire curiosity, but not apprehension.

So much for the position of this Company. As to the terms offered to the 'Standard,' I have to say, That the 'Colonist' has made a written contract with us, by which that paper takes 15,000 words per month for three years, and has bound itself to pay therefor thirty-six hundred dollars, no deductions being made for interruption on the lines.

That if you want to make the same contract for the 'Standard,' and will give satisfactory security for full performance of the contract on your part, we will furnish you the same report on the same terms.

That if you want shorter reports or for a shorter period, we will furnish them but at a higher price proportionately per word.

That if you want more than 15,000 words per month we will offer low rates for any amount in excess of that provided you first make the contract binding yourself to take at least 15,000 words monthly on the terms and for the time named above.

That in the absence of any contract, our regular press rates for reports of 500 words or over from Portland to Victoria are two cents per word.
Yours truly,
Geo. H. Mumford.

Dominion Mail Summary.
Our Canadian files are to the last inst., from which we glean the following:

The Dominion is divided into over 200 census districts, to each of which a census commissioner is appointed, and the Globe complains of the probable expense, which it puts at \$80,000.

St Andrew's Day appears to have passed off with more than ordinary eclat. At Ottawa the members walked in procession to the Kirk, where their Chaplain, Rev Mr Gordon, preached. In the evening they had a grand banquet at which Sir Francis Hincks and the Hon. Tilly, Tupper, Morris and Mitchell responded to the toast of the Ministry.

A new paper called the Weekly Review made its appearance at Ottawa on the 30th Nov. It has a very creditable appearance, is independent in politics and is published by Messrs Marshall & McLardy. The latter gentleman was for many years editor of the Ottawa Citizen.

The captain and owners of the American schooner Clara, seized for infraction of the fishery laws, and who made an attempt to rescue said vessel from the authorities at Charlottetown, were arrested and committed for trial.

The fund for the erection of a monument to the late Thomas Morland of Montreal, has reached \$4,800.

By Electric Telegraph
SPECIAL TO THE DAILY BRITISH COLONIST.
LAST NIGHT'S DISPATCHES.

Europe.
London, Dec 19.—The Czar has reprimanded the Moscow Corporation for petitioning in behalf of a free press religious toleration and other reforms and the anniversary for asking for joint intervention to save the literary treasures in Paris.

The Czar refers unpleasantly to the siege of Delhi and other tokens of British civilization.

The French troops fronting the Duke of Mecklenburg are holding their ground with splendid gallantry.

Mr Reittgen, secretary of Jules Favre, has escaped from Paris and has started on a diplomatic mission to Vienna, St Petersburg and London.

The conference will not meet till January.

Berlin, Dec 18.—Two prominent members of the North German parliament were arrested on a charge of high treason for their anti-war acts, by order of Bismarck.

Vienna, Dec 18.—A conference respecting mediation was held by the representatives of the neutral powers at the Foreign office on Tuesday last. All the ambassadors were present. The basis proposed is as follows: The neutrals to acquiesce in the annexation of Luxembourg. To acknowledge William as Emperor of Germany. France to pay 1,200,000,000 francs. To raise the two frontier fortresses. To cede the district of Alsace to Germany and acknowledge the German Emperor.

It is said that the French would rather pay more money than cede a mile of territory.

Versailles, Dec 18.—The tenth Prussian corps on occupying Vendome on Friday captured six guns and 1 mitrailleurs.

On Saturday Gen Von Der Taun took Epuley with 230 prisoners.

A German detachment from Chartres defeated six French battalions at Brod.

London, Dec 19.—The Prussians are short of men and 20,000 fresh troops are coming in, but Versailles is likely soon to be untenable as the heavy guns of the French which are being moved forward will soon be placed within range of the city and the French are resolved to destroy it.

Paris will eventually fall by starvation but not within 3 months.

There will be no bombardment.

The Prussians, 21,000 strong, attacked Metz yesterday with 11 batteries. After a combat of 5 hours—in which they sustained heavy losses—they occupied the place. It is reported the battle will be resumed to-day. The enemy falls back, as Gen Bourbaki advances.

The French troops have re-occupied Viersen.

Madrid, Dec 18.—Caucus Deputies by a majority in the Cortes, last evening, adopted a resolution in favor of the dissolution of the Cortes as soon as the new king has taken the oath of office.

London, Dec 19.—Parliament will meet on the 2nd. Hon John Evelyn Denison will be re-elected Speaker.

New York Dec 20.—The Herald's Brussels correspondent telegraphs this morning that the bombardment of Paris is declared to be impossible. It is not humanity which restrains the Prussians, but because it is simply impossible for them to succeed, as they neither number nor calibre of guns necessary. They have only 500 guns, mostly 24-pounders, and the French works which command the batteries can destroy them the moment they open fire. Paris has two months' supplies of food.

A correspondent from Vendome says that neither of the French armies commanded by Chanzy and Bourbaki number less than 100,000 men and they can draw reinforcements from other parts of France for nearly double that number. The appearance of the French armies are favorable.

The King of Prussia received an address at Versailles and accepted the dignity of Emperor tendered with the unanimous voice of the Princes, free towns and German nation.

The abolition of the Scheldt dues is voted. There has been no fighting before Paris since the 10th. Outside news to the 11th say they are undiminished, order is perfect and stores ample.

New York, Dec 20.—A Vendome correspondent writes manouvering is the order of the day with the French army commanded by Gen Chanzy and the Germans, under the Duke of Mecklenburg and Prince Frederick Charles, and as a consequence there are more forced marches than hard fighting.

London, Dec 20.—The prospects of peace are looking much improved this morning. It is thought in Berlin and Frankfurt that with some amendments the peace basis proposed by the neutral Powers will probably soon be adopted.

Military movements in the field continue actively, and the French are evidently endeavoring to concentrate.

One of the Prussian armies is falling back before Bourbaki.

The Cologne Gazette says it is rumored that the previous causes of delay in the bombardment of Paris are incorrect. The difficulties in transportation and material will shortly be overcome, and further action will be guided entirely by military considerations.

A special from Brussels says the large calls for the landward denote the weakness of the investment of Paris. One or two more sorties like the last might raise the siege.

A Frankfurt special says a month will be required before the bombardment of Paris is possible. The guns at present mounted are useless, while the French guns almost command Versailles.

The Prussians have taken Naits, with a loss of 300 killed and wounded, among the latter being Prince William of Baden.

WASHINGTON Dec 20.—Gen Schenck having stated to some of his associates in Congress that he would not take his seat in the House after Thursday next, it is believed his departure for England will not be long delayed. He is now busy at the State Department making himself familiar with the past history of the Alabama claims and other matters of interest between the two countries.

The House Committee on Foreign Affairs to-day completed their Ocean Telegraph Bill and authorized Senator Wood to report it. The bill is general in its terms, and authorizes the laying of cables from any part of the world to the United States by any parties, under certain conditions and restrictions.

California.
SAN FRANCISCO, Dec 19.—Nevada has consolidated the Borax co to operate on the shares of the fish and seal lakes in Esmeralda county. The capital is \$3,000,000 and it was incorporated to-day.

The trial of John A. Tyler for killing John Dobson on the 30th of June last, corner of Montgomery and Bush streets commenced on the 15th inst.

The 15th District Court will probably finish on Wednesday.

Judge Bates Registrar in bankruptcy has been engaged all day hearing testimony in the matter of the insolvency of the city bank of savings, loan and discount. It appears that between June 1868 and Nov 22d 1870 Daniel Murphey drew out \$101,685. 15 and paid in \$132,566. 65 leaving an overdraw of \$19,118. 50. The nominal excess of liabilities over assets is \$68,220, but it is thought they will actually foot up \$80,000.

Suit has been commenced on behalf of the California building and loan society to have the last election of trustees set aside.

SOUTH VALLEJO, Dec 19.—Last night about half past 9 o'clock fire was discovered in the ceiling of the Frisbie House kitchen, having caught from the range. The fire speedily made its way to the 3rd story where its further progress was arrested. The damage to the building and furniture is estimated at \$3000 covered by insurance.

SAN FRANCISCO, Dec 20.—Underwriters are declining to insure on shipments by the overdue China steamer except at a heavy advance. The rate to-morrow will probably be 10 per cent.

Oregon.
PORTLAND, Dec 20.—The propeller California arrived at 1 o'clock this morning. The Columbia is full of floating ice and an early closing of navigation is expected.

British Columbia.
QUEENSWILL, Dec 20.—From the Cariboo Sentinel of the 15th:

WILLIAM CREEK.—There is but little doing at present. The Cariboo co have got their flume backed up with snow and have commenced washing again this week. The Ballarat co have got fixed up and started again a few days ago. The Forest Rose co are rocking over old bed rock. The Caledonia co are rocking below the Limerick, and several other companies are taking out small pay on the upper part of the creek. The Bed Rock Flume co have laid their flume as far as they had ground leveled and are now running a tunnel ahead. The Cornish co are running a prospecting tunnel.

COKLIN GULCH.—The White Pine and Felch cos are making wages and expenses. By private letters from Grouse creek this afternoon we are informed that the Waverly tunnel have struck it rich. The Talisman co get 12oz to the set of timbers. It is also reported that the Harpuds have struck it.

Weather cloudy and stormy, snowing.

BOARD AND LODGING.—Gentlemen can be accommodated with Board or Lodging or both, with the comforts of an English home at a private residence. Address Mrs Bushell, Kane street, next door to Dr Belamy's private residence.

THE BLACK DIAMOND WAR.—Kriemler, the Original Opposition coal and wood dealer, sells no cheap coal. He deals only in the best coal at the lowest rates, and delivers it free of charge for carriage to any part of the city.

A. GILMORE, MERCHANT TAILOR, and General Outfitter, has removed his place of business to the store adjoining the Colonial Hotel and opposite the Colonial Office, on Government street, fourth door from Yates, where he proposes to give his old friends and new customers a chance on the principle of quick sales and small profits.

CHRISTMAS, 1870.—The show of fancy goods for the season will commence on Saturday next, the 17th inst, at London House, Government street.

FELL'S COFFEE, superior to any other brand manufactured on the Coast, may be obtained of all respectable dealers throughout the Colony.

NEW GOODS, Jouvin's Gloves, &c., just received by Express at Victoria House.

SAVE YOUR MONEY AND HEALTH.

Medical.

TO PHYSICIANS.

New York August 15th, 1868.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. The component parts are, BUCHU, LONG LEAF, CUBES, JUNIPER BERRIES.

Mode of Preparation—Buchu, in vacuum, distilled Berries, by distillation, to form a fine gum. Extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used and a small proportion of spirit. It is more palatable than any now in use.

Buchu as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates. The smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection it will be found not to be a Tincture, as made in Pharmacopoeia, nor is it a Syrup, and therefore can be used in cases where fever or inflammation exists. In this you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation.

With a feeling of profound confidence.

I am, very respectfully,

H. T. HELMBOLD

Chemist and Druggist of 19 years' experience

(From the largest Manufacturing Chemists in the World.)

NOVEMBER 4 1864

"I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

WILLIAM WRIGHTMAN,

Firm of Powers and Welch, Manufacturing Chemists, Ninth and Brown streets, Philadelphia.

HELMBOLD'S

FLUID EXTRACT

BUCHU!

For weakness arising from indigestion. The exhausted powers of Nature which are accompanied by so many alarming symptoms, among which will be found, Indigestion to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forbidding of Evil; in fact, Universal Lassitude, Prostration and inability to enter into the enjoyments of society.

THE CONSISTUTION

Once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate system, which HELMBOLD'S EXTRACT BUCHU variably does. If no treatment is submitted to, Consumption or Insanity ensues.

Helmbold's Fluid Extract of Buchu

In affections peculiar to Females, it is unequalled by any other preparation, and all complaints incidental to the sex, or the decline or change.

Helmbold's Fluid Extract Buchu

AND

IMPROVED ROSE WASH

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure, completely superseding those unpleasant and dangerous remedies. Copalva and Mercury, in all these diseases.

USE

Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. Price \$1.25 per bottle, or 6 Bottles for \$6.50. Delivered to any address. Describe symptoms in all communications.

ADDRESS,

H. T. HELMBOLD

Drug and Chemical Warehouse,

594 BROADWAY, NEW YORK,

NONE ARE GENUINE unless done up in steel engraved wrapper with fac-simile of my Chemical Warehouse, and signed

DR. J. COLLIS BROWNE'S (EX ARMY MEDICAL) CHLORODYNE, IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W. Wood stated that Dr. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been asserted. The defendant's Hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of chlorodyne, that they prescribed it largely and mean no other than Dr. Browne's—See Times, July 12, 1864.

The Public therefore are cautioned against using any other than

Dr J Collis Browne's Chlorodyne.

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. It is a young man's life savior, and a woman's when required. Thousands of persons testify to its marvelous good effects and wonderful cures, while medical men extol its virtues most extensively using it in great quantities in the following diseases:

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhoea, Colic, Coughs, Asthma, Cramp, Rheumatism, Neuralgia, Cough, Hysteria, &c.

EXTRA'S MOST SENSIBLE OPINION.

The Right Hon. Earl Russell communicated the following information to the effect that the only remedy of any service in Cholera was Chlorodyne—See Lancet, Dec 31, 1864.

From A. Montgomery, Esq., into Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health after six weeks' most severe suffering, and when other medicines had failed."

Dr. Lowe, Medical Missionary in India, reports (Dec 1865) that in many cases of Cholera in which Dr. J. Collis Browne's Chlorodyne was administered, the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it will not thus be singularly popular did it not supply what was wanted and fill a place.

Extra. From the General Board of Health, London, a letter to its secretary in India. "So strongly are we convinced of the immediate utility of the remedy that we cannot too forcibly urge the necessity of adopting it in all cases."

It was afterwards and dangerous compounds sold as Chlorodyne from which frequent fatal results have followed.

See leading article, Pharmaceutical Journal, Aug 1, 1869, which states that Dr. J. Collis Browne was the inventor of Chlorodyne that it is always right to use his preparation when Chlorodyne is the remedy that we cannot too forcibly urge the necessity of adopting it in all cases."

CAUTION—None genuine without the words "Dr J. Collis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer, J. T. DAVENPORT, 33 GREAT RUSSELL STREET, BLOOMSBURY, LONDON

KEATING'S COUGH LOZENGES—Which ARE DAILY RECOMMENDED BY THE FACULTY, to whom is of whom may be seen—Sold in Boxes and Tins, by

Medical.

French Medicines, GRIMAULT & CO. PARIS.

PREPARED BY

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confused with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France, with regard to the sale of medical preparations, and only those which have undergone an examination by the Academy of Medicine, and have been proved efficacious, either in the Hospitals, or in the practice of the first medical men, are authorized by the Government. This fact must be a guarantee for the excellence of Messrs. GRIMAULT & Co's medicines.

Women's and Children's Diseases.

Grimault's Syrup of Iodized Horse Radish.

Patronized for more than twenty years by the Paris Physicians. Cures lymphaticism, rachitism, scrofula, congestion of the glands of the neck, paleness and habit of the flesh, loss of appetite, weakness of constitution, the various eruptions on the face, boils, pimples, ulcers, &c.—It is the best remedy against the first stage of consumption, and is the most powerful depurative now in use.

DOCTOR LERASSE (Doctor of Medicine.) SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless; has the advantage over all ferruginous preparations of containing Iron and Phosphorus, which are the elements of the blood, and are essential to the formation of the blood, and agree especially with the most delicate stomachs.

LUNG DISEASES.

Grimault's Syrup of Hypophosphite of Lime.

It is the best and the most rational of all remedies against consumption. Under its influence the cough abates, the night sweats cease, and the patient rapidly recovers health. It gives the same results in cases of coughs, catarrhs, hooping coughs and influenza. In comparing this syrup with the other sold under the same name, it will be easy to recognize the superiority of this preparation.

Therefore to avoid any substitution, please to require the bottle the signature: GRIMAULT & Co.

NERVOUS HEADACHE and NEURALGIA.

GUARANA.

A single powder of this natural vegetable production is sufficient to cure instantly the most violent sick headache. It is the most valuable remedy against diarrhoea.

Digestive Powders, Pills & Elixir of PEPSEINE.

On certain effect against nausea, indigestion, heartburn, gastritis, gastralgia, children's diarrhoea, inflammation of the mucous coats of the stomach and bowels, vomiting during pregnancy jaundice, etc.

NO MORE COPABAJO CUBERS.

Grimault's Capsules and Liquid Extract of Matico Vegetalis.

Where all other Medicines have failed, these preparations will always effect a cure. These insure rapid and extraordinary cure of severe, repeated and chronic cases of private disease. They are used in the Hospitals of Paris by the celebrated Dr. Ricord, and are found greatly superior to all hitherto known mineral remedies and Copalva and Cubes. The Injection is used in recent and capsules in the more chronic cases.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR BURIN DU BUISSON'S DIGESTIVE LOZENGES.

This delicious preparation is always prescribed by the most reputed medical men in France, in cases of derangements of the digestive functions, such as gastritis, gastralgia, long and laborious digestions, wind in the stomach and bowels, constipation, jaundice and complaint of the liver and lungs.

They are considered by physicians as being superior to the celebrated Vichy Lozenges.

Largesse's Syrup & Faste OF SEA PINE SAP.

These two preparations are invaluable and taken with the utmost success for consumption and the various diseases of the chest, and especially for catarrhs, colds, catarrhs, influenza, hooping cough, bronchitis, asthma, and also for the different affections of the urinary organs.

FERRUGINOUS SYRUP OF PERUVIAN BARK.

Superior to all the compounds of Iron for all diseases of the chest, fainting, nervous affections, painful digestions and impoverished blood; it is recognized as the best and most agreeable remedy.

ASTHMA. ASTHMA. ASTHMA.

INDIAN CIGARETTES

Prepared with the Essence of Cannabis indica

Wonderful results have been obtained from the use of these cigarettes, in persons suffering from Asthma and other complaints of the respiratory organs.

N.B.—All the above medicinal preparations are accompanied by instructions as to the manner in which they are to be taken.

New Remedies! New Remedies!

DR. GIBBON'S DISPENSARY.

No 623 Kearney Street Corner Commercial, San Francisco, established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Stricture, Syphilis, &c, in all its forms, Seminal Weakness, Impotency, &c, etc. Slight cases of venereal disease, and Ulcerated Legs, &c, are successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Seminal Weakness.

Seminal emission is the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combated by scientific medical measures, viz: Shivering, coldness, dark spots under the eyes, pain in the head, ringing in the ears, noise like a rattling of leaves, or rattling chariot, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples, and various eruptions about the face, hectic flushes, furrowed tongue, total breath, consumption, night sweats, monomania and frequently insanity. If relief be obtained, you should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure.

Cured at Home.

Persons at a distance may be cured at home, by addressing a letter to Dr. Gibbon, care, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for its use, by enclosing \$5.00 in a registered letter, through the Postoffice or through Wells, Fargo & Co.

A person desiring to be forwarded by express to any part of the Union, should enclose a letter to the name of the paper they see this advertisement in. Private entrance on Commercial street. All communications strictly confidential.

DR. J. F. GIBBON, no 27 ly P O Box 1057, San Francisco, California.
